**HOLY TRINITY GOD'S OWN SCHOOL,
GUARANTEE EDUCATION & GUARANTEE GENERATION**

About Holy Trinity

Holy Trinity Trust, Thevalakkara was founded by a group of NRI and Educational experts in the year 2005. The aim of these intellectuals was to render quality education in a rural area where there is no access to any institution that caters to the demands of modern times.

Holy Trinity Anglo Indian International School was founded by Holy Trinity Trust. The ICSE syllabus was chosen for the course of education as there is no school existing between Kollam and Kayamkulam that render ICSE syllabus.

'Thevalakkara', being calm, serene and environment friendly was chosen as the location to establish the school. The institution became a valuable asset to the place as well as, proved to be a apt place.

The school emblem has the words, 'Ducere in Veritas' which means 'Leads to Truth' inscribed on it, which enshrines the noble principles conceived by its Founder members.

Major objectives of the management

Through 'Guarantee Education and Guarantee Generation' policy the Holy Trinity Management is envisioning a global platform in grass root level. Globalization and its new liberal values must influence our campus.

Team Holy Trinity is experienced, passionate and committed to create the best for our students. We boast of creating best facilities focusing on ethics and aimed at opening a new world of learning both for the learners as well as the facilitators.

Students Counseling Centre

Frequent counseling classes are arranged for students to restore their energy and spirit. Our aim is to make them mentally and physically fit to undertake serious study.

Sports and Yoga

A strong body has a strong mind. Thus this school gives high priority for students' physical development to preserve the high potentials and produce healthy citizens. We give physical exercise and sports training to all students. Apart from sports, yoga classes are conducted regularly. Athletic meets and sports festivals are held annually.

Through sports, games and athletic activities students are motivated to gain self confidence and courage to face any eventuality in life.

Language Lab & Literary Club

International System of learning English with advanced features on phonetics and vocabulary. A literary club plays a vital role in developing English language skills.

SAINIK SCHOOL DISCIPLINE

HORSE RIDING CLUB

A horse riding club is constituted to train all students, so that their courage and confidence improve. Consequently, they will be able to face any challenge in their future career.

Discipline brings purity in life. We wish to produce students with decorum, courage and righteousness. To achieve this goal, a 'sainik school pattern' of discipline is implemented with a view to develop their allround personality. An International Uniform is introduced to meet the standards of international discipline.

HEALTH CLUB

A resident physician is appointed to look after the health of every student. The first aid and ambulance service is ready at all time. Immediate medical attention is given to the needy in addition to the frequent medical inspections by local health authorities.

QUALITY IMPROVEMENT TRAINING

A special quality improvement department is created to instil a strong and excellent academic back ground to each child. We impart training to weak students and bring up our standard on par with the average and above average students. We arrange training to needy teachers for modern teaching skills.

E.Q., I.Q. MEMORY CONCENTRATION TRAINING

Expert teachers facilitate training for students to improve their emotional quotient, intelligent quotient, memory and concentration.

GPS Mounted Bus Conveyance

This system plays a very important role, as it avoids any type of mismanagement in the part of drivers, such as over speeding, rash driving, diversion of routes etc.

ROBOTICS LAB

COLOURFUL SCHOOL OPENING DAY

HANDWRITING LAB

Good handwriting is an essential quality of a student. Students are given special training regularly by the expert calligraphic trainers.

CCTV Monitoring

CCTV Monitoring System brought a paradigm change in academic activities and class room discipline.

ABACUS TRAINING

Each and every child is important and valuable to us. In spite of their varied mental capability we try to bring them up by using the special teaching tools such as abacus, which helps our students to improve their mental concentration and arithmetic skills.

VIDEO CONFERENCING WITH NATIONAL & INTERNATIONAL EXPERTS

There is a need to know about the International standard of education as well as other factors related to quality education and career development. Hence, National and International experts are invited for conducting workshops and video conferencing for students and teachers.
